The Clipper Review

Get To Know Your Local El Dorado County Businesses

Edward's A-1 Appliance

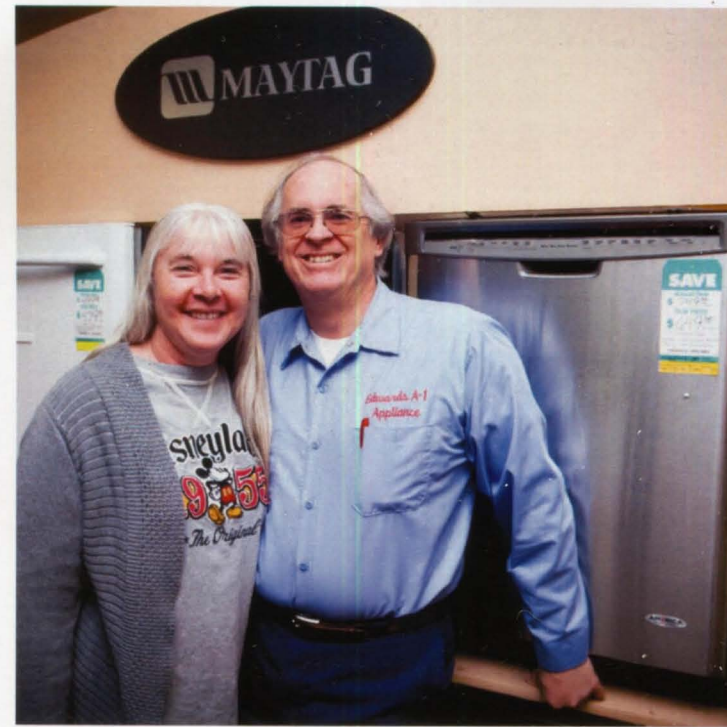

By Samantha "Sam" Ferrand

If you are thinking about new appliances, go and see Tom and Pam Stabler at Edward's A-1 Appliance. The business has been owned and operated since 1947, serving customers in and around the Western Slope of El Dorado County - that's over 60 years of experience.

Tom and Pam married in 1975 and both started working at A-1 Appliance, Tom's parent's store, Walter and Joanne Stabler, in Woodland. Tom's father taught him all he knows about fixing appliances.

Walter and Joanne had planned to expand their family business to Placerville by taking over Edward's in 1986. When they got ready to move, they had a change of heart and decided to stay in Woodland. That's when they asked Tom and Pam if they wanted to move to Placerville and they said, "Sure!"

Now, 28 years, five children and nine grandchildren later, Tom and Pam still love living in Placerville. Edward's continues to be a family run business with several of their children and family members working with them. It's refreshing to know that the person you speak to on the phone will be the person you see when you come into the store. All deliveries and services are done on site in-shop or in your home.

Pam and Tom Stabler

Pam and Tom appreciate that your household appliances can be some of the most important purchases you make for your home. Yet too often customers discard appliances that could have been easily and affordably repaired. Edward's A-1 Appliance is fully licensed to offer expert repair and sales on most brands, whether it's gas or electric ranges, garbage disposals, microwaves, dishwashers, refrigerators, dryers or washers. Their technicians are factory authorized to service products manufactured by Whirlpool, Maytag, GE, Amana, Hotpoint and Kitchenaid.

If you need new appliances, Edward's A-1 Appliance stands by their slogan, "We Sell the Best for Less." Customer service and your complete

satisfaction are Tom and Pam's top priorities.

They do all their own warranty work, plus they have about every part you might need in-stock. Call Edward's A-1 Appliance today for competitive pricing and fast, professional service!

Congratulations are in order! Tom and Pam have advertised in the *The Clipper*

for 25 years and have never missed an issue! Tom says that they tried lots of different places to advertise but *The Clipper* was always what brought in customers. Now they advertise exclusively in *The Clipper* simply because "it works - it gets your name out to the community"! That's great business!

Edward's A-1 Appliance is located at 698 Placerville Drive in Placerville. Hours are Monday through Friday 8:00 am - 5:30 pm and Saturday 9:00 am - 3:30 pm. 530-622-4273.
